SUBJECT:

TIRE SERVICE REQUEST

MODELS:

ALL

We wish to remind all Dealers that in the event a tire complaint condition or guarantee adjustment cannot be handled by the dealer, a "Tire Service Request" (Form DID 45) should be submitted to the tire manufacturer and two copies of the request forwarded to your Distributor.

This Tire Service Request form is to be used only after the dealer has performed all normal tire service corrective methods and/or when the local tire dealer is unable to assist in overcoming the problem.

On the reverse side of this bulletin is a sample copy of Form DID 45, additional copies of which are available from your Distributor.
