

DISTRIBUTOR TESTER ADAPTERS & ACCESSORIES
(All Models)

<u>Part Number</u>	<u>Description</u>
1336	One chuck wrench
671-702	Vacuum fitting set to enable test connections to all types of distributors. Includes: #115-1 fitting, size 1/8" N.P. T. #115-2 fitting, size 7/16" - 24. #115-3 fitting, size 3/8" - 24. #115-4 fitting, size 5/16" - 24. #671-263 cloth bag.
2-1892	Spring Tension Gauge. Capacity - 40 oz. Features a red "lazy hand" indicator to record maximum readings when testing breaker arm spring tension.
1700-A	Collet Adapter. For testing distributors equipped with an advance assembly that rotates the entire housing during vacuum advance operation (instead of the breaker plate). Examples: Chevrolet 6, Rambler 6, and others.
3127-2	Adapter. Designed to drive distributors that have a centered or offset tang. It has a centered slot on one end and an offset slot on the opposite end. Usually engaged in the distributor tester with the centered slot down. When testing distributors with centered drive tangs, lower the shaft through the offset upper portion and engage the tang with the lower centered slot. (The upper portion of the adapter serves as a pilot bearing.) For use in testing many distributors of Chrysler products, Cadillac, Studebaker, International, White, Corvair, Foreign cars, etc.
669-519	Tubing, 3 pieces. For protection when testing distributors with nylon gears. Place one piece of tubing over each of the three jaws of the tester chuck.

OPTIONAL ACCESSORIES

M-640	Manometer. For testing loadomatic distributor advance curves. Graduated scale from .01" to 6.1" HG.
3767	Collet, slotted. For 1954 Cadillac distributor.
1158-4	Collet adapter for International trucks & Studebaker.
1422-A	Drive adapter for Transmission & overdrive governors.
1713-A	Combination Collet and plate adapter for Hudson.
3326	Adapter, slotted for 1953 Studebaker V-8.
2680	Adapter and plate for Holley distributors used by White Truck.
671-7A7	Adapter Kit for Delco 1112320 & 1112326, GMC.
4643	Adapter for International distributors 133879-R91 to 133881-R91 included.
3767-001	Collet adapter with bearing at the chuck end for Corvair and other similar distributors that have a pilot shaft below the gear.
3767-002	Collet adapter with bearing at the chuck end for testing Chevrolet 11 distributors.
